PRODUCT DESCRIPTION

UNIGLOVES BLACK PEARL® ONE GLOVE - 16 COLOURS

The **Pearl range** glove is a **versatile**, food-safe hygienic and protective glove made of nitrile. The disposable gloves are used in gastronomy and industry, hospitals and medical practices as well as beauty and hair salons. The gloves have been tested in line with **PPE Regulation (EU) 2016/425** and European standards **EN 374, EN 420 and EN 455**. The Pearl material is waterproof, extremely tear-resistant and protects against viruses, fungi and bacteria. The latex-free, thiuram-free and protein-free glove is also particularly gentle on skin. The **roughened** fingertips provide a secure grip without reducing touch sensitivity. Its flexible fit makes the glove easy and convenient to put on and remove. The ambidextrous design makes them convenient to use.

The Pearl range is available in **blue, cobalt, lime, mint, magenta, opal, orange, pink, red, sapphire, violet, white, black, yellow, burgundy, green** and in **sizes XS, S, M, L and XL**.

YOUR BENEFITS:

- **Resistant to a wide range of chemicals:** Providing robust protection and ensuring that users are protected from harmful substances during use.
- **Ideal for colour-coding in food, cleaning, and healthcare environments:** Available in 16 colours, making them perfect for implementing colour-coding systems to prevent cross-contamination and maintain hygiene standards.
- **Meets medical standards:** These gloves adhere to stringent medical standards, including rigorous pinhole tests, to ensure that they provide a highly effective barrier against pathogens and contaminants.
- **Latex free:** Eliminates risks of latex allergies (Type I sensitisation) and minimises particulate contamination.
- **Suitable for contact with all food types:** Making them ideal for food handling and preparation.
- **Nitrile formulation conforms to the hand during use:** Providing a snug and comfortable fit that enhances dexterity and reduces hand fatigue during extended use.
- **Beaded cuff:** Provides extra strength during donning and helps prevent liquid rollback.
- **Textured finish:** Offers improved grip making it easier to handle tools and materials in wet or greasy environments.
- **Use with mobiles/tablets without removing gloves:** With touchscreen compatibility, users can seamlessly operate mobile devices and tablets without the hassle of removing their gloves, optimising efficiency and productivity.

EIGENSCHAFTEN

MATERIAL

Nitrile
