PRODUCT DESCRIPTION

Unigloves DERMA SKIN®

The sensitive glove

The Derma Skin Premium latex glove is a particularly sensitive and non-slip disposable glove. Our Derma Skin is particularly suitable for use in hospitals and doctor's offices as well as for use in cosmetics.. This hygienic, protective glove is tested in line with **PPE Regulation (EU) 2016/425** and European standards **EN 374**, **EN 420** and **EN 455**. The waterproof material is resistant and protects against viruses, fungi and bacteria. The glove also offers excellent dexterity and a natural sense of touch. At the same time, the **micro-roughened fingers and palm** of the Derma Skin offer excellent grip and safety on all surfaces. This non-powdered glove is easy to put on and remove thanks to **double chlorination**. The ambidextrous design and flexible fit makes the Derma Skin the perfect choice **where fast, frequent changes are required**.

The glove comes in a natural colour and is available in sizes **XS**, **S**, **M** and **L**.
