## PRODUCT DESCRIPTION

### UNIGLOVES DISPOSAL BOX

The disposal box is used to dispose of various types of waste such as test tubes, scalpels, tattoo needles and other pointed or sharp objects. A large opening ensures that different materials can be disposed of. The disposal boxes offer safety through a temporary and definitive closure. By disposing of the polypropylene container by incineration, no toxic waste gases are emitted. Application areas can be all areas where needles are used, such as laboratories, tattoo artists, home care services and other medical services.

### EIGENSCHAFTEN

**MATERIAL** *Plastic*

**COLOUR** *black*

**SIZE HYGIENE & CARE** *2 l*

**PRODUCT FEATURES**

red cover

**PACKAGING CONTENT**

1 container
