PRODUCT DESCRIPTION

UNIGLOVES GRIP BANDAGE

The Unigloves grip bandages are practical for use on the tattoo machine to ensure optimum grip. They are especially safe to use on smooth surfaces. Our bandages are available in black and camouflage. A good fit is ensured by means of self-adhesion (without sticking). The bandages also reduce the cleaning effort of the tattoo machine. The grip bandages are individually packed, 12 pieces per box and 24 boxes in the carton. A total of 288 bandages in the carton.

Format: 5 cm width, 4.5 m length (stretched condition).
