PRODUCT DESCRIPTION

Unigloves Clip Cap - Big

These machine-made **clip caps** are an economic **alternative** to bouffant caps. In terms of **quality**, they are in no way less than the beret caps. They can also be used in hygienic areas. Due to the sewn-in **soft elastic** and the **light fleece**, the caps can be worn comfortably over a longer period of time. The fleece is **fibreglass-free, breathable** and has a visible front and back. With a diameter of **approx. 55 cm**, this is our largest clip cap.
