PRODUCT DESCRIPTION

UNIGLOVES LATEX FINGER COTS

The latex Fingerlinge is easy and versatile to use. It can be quickly rolled over the fingers as required and is suitable for use in beauty and hair salons as well as in medical and industrial areas. The non-powdered, strong Fingerlinge are extremely resistant and meet the Standards and Guidelines for Quality Assurance D 412 and D3772. They are available in natural white and sizes S, M, L and XL.

The finger cots are packed in a polybag of 100 pieces and 250 bags in a carton.
