## PRODUCT DESCRIPTION

### UNIGLOVES LIME PEARL® ONE GLOVE - 14 COLOURS

The Pearl range glove is a versatile, food-safe hygienic and protective glove made of nitrile. The disposable gloves are used in gastronomy and industry, hospitals and medical practices as well as beauty and hair salons. The gloves have been tested in line with PPE Regulation (EU) 2016/425 and European standards EN 374, EN 420 and EN 455. The Pearl material is waterproof, extremely tear-resistant and protects against viruses, fungi and bacteria. The latex-free, thiuram-free and protein-free glove is also particularly gentle on skin. The roughened fingertips provide a secure grip without reducing touch sensitivity. Its flexible fit makes the glove easy and convenient to put on and remove. The ambidextrous design makes them convenient to use.

The Pearl range is available in blue, cobalt, lime, mint, magenta, opal, orange, pink, red, sapphire, violet, white, black and yellow in sizes XS, S, M, L and XL.
