PRODUCT DESCRIPTION

NITREX 241NF

Medium weight, **13 gauge seamless liner** is lightweight and breathable delivering **maximum F rated cut protection**. At the same time providing good dexterity and flex to reduce hand fatigue.

Unigloves' **Nitrex 241NF** are **premium cut-resistant work gloves**, painstakingly designed and manufactured to withstand even the most challenging conditions. Featuring **Unigloves' NitreGuard® Technology**, these grip gloves have been awarded **cut level F**, for their high performance in the straight blade cut test, ensuring superior strength against sharp and abrasive materials. The gloves also feature Unigloves' **NitreGrip Technology®**, an advanced surface treatment that offers an assured grip when working in dry, wet, or oily conditions, making these gloves **the ultimate solution for high risk applications**.

The **Nitrex 241NF** gloves feature a medium weight seamless polyester liner with **HPPE** and **steel**, which offers **breathability** while still delivering maximum cut protection. They provide good dexterity and flex, effectively reducing hand fatigue during prolonged use. The sandy nitrile coating is **resistant to oils and grease**, acting as

a physical barrier for the hands. In addition, **the reinforced nitrile thumb crotch offers extra protection** when handling abrasive material and increases the life of the gloves.

The Nitrex 241NF is available in black/blue in sizes XS, S, M, L, XL and XXL.
