PRODUCT DESCRIPTION

NITREX 242D

The flexible foam coating of our **Nitrex 242D touch screen gloves** comprise nitrile blended with PU and affords the gloves **maximum abrasion and tear protection** as well as an enhanced grip in dry, damp, and oily conditions.

Featuring a special hydrophobic treatment, these gloves also provide **water resistance to the back of the hand** whilst maintaining **maximum breathability** for ongoing comfort, even after long hours of use. Finally, the elasticated knitted wrist ensures a secure fit and keeps hands free from dust and other particles.

Nitrex 242D is a highly protective, comfortable, and versatile glove for **all workplace applications** where **cutting risk** is a factor.

The Nitrex 241PF is available in blue/black in sizes XS, S, M, L, XL and XXL.
