S	244-07
M	244-08
L	244-09
XL	244-10
XXL	244-11

PRODUCT DESCRIPTION

Nitrex 244 - the cut resistant one

The Nitrex 244 with **NitreGuard® technology** offers reliable protection for the hand holding the knife in the food industry and for all mechanical activities in which sensitivity is required. The seamless **10-gauge** polyamide material with HPPE and encapsulated glass fibres sits like "a second skin" while simultaneously being breathable, without restricting freedom of movement. Equipped with **cut resistance level D according to EN ISO**, the Nitrex 244 also withstands high cutting risks (**≥15 N and <22 N**). The reusable gloves are low-fluff to avoid contamination and are therefore particularly suitable for processing foods. Another useful feature: the gloves fit both the left and right hand and **can be washed multiple times at 90°C**, significantly increasing their lifetime.

The Nitrex 244 is available in **blue** in **sizes XS, S, M, L, XL and XXL**.

EIGENSCHAFTEN

COLOUR	<i>blue</i>
GAUGE	<i>10</i>
PRODUCT FEATURES	<i>polyester liner with HPPE an encapsulated glass fibre, food-safe</i>
NORM GLOVES	<i>EN388, CE</i>
PACKAGING CONTENT	<i>1 piece in a polybag</i>
SHIPPING UNIT	<i>carton of 50 bags</i>
