S	265RP-07
M	265RP-08
L	265RP-09
XL	265RP-10
XXL	265RP-11

PRODUCT DESCRIPTION

NITREX 265RP

Introducing **Nitrex 265RP**, a **cut level D** resistant glove with superior grip for **challenging work environments**. These orange grip gloves feature a foam nitrile palm coating, which is not only **flexible and breathable** but provides **cut level D protection** for superior defence against sharp and abrasive materials. The foam nitrile coating on these gloves is also resistant to **oils and grease** and wicks away moisture, ensuring excellent grip in dry, wet, or oily conditions.

But Nitrex 265RP gloves don't just protect the hands, they also protect the planet. Featuring a sustainable **13% recycled polyester yarn liner**, Nitrex 265RP gloves contribute to an **8.4g CO2 equivalent reduction in our carbon footprint per pair**. We've also developed **plastic free inner packaging** for the entire Nitrex Sustainable Range, further reducing our environmental impact and helping you achieve your sustainability goals.

Our commitment to **sustainability** goes beyond our gloves and packaging. In partnership with **Ecologi**, we plant trees and fund projects aimed at removing carbon directly from the atmosphere to neutralise any unavoidable emissions related to Nitrex 265RP.

Nitrex 265RP gloves are independently certified by **OEKO-TEX® STANDARD 100** ensuring they're **free from harmful substances**, to further safeguard your workers' health. The ultralight liner offers unparalleled dexterity and flexibility, reducing hand fatigue during extended use. With **RCS (Recycled Claim Standard) certification**, you can trust our commitment to manufacturing products containing recycled materials, while never compromising on comfort or protection.

Touch screen compatible without having to remove the gloves and put hands at risk of injury. Available in sizes XS, S, M, L, XL and XXL.
