

NITREX 340FCD

SIZE	REF
XS	340FCD-06
S	340FCD-07
M	340FCD-08
L	340FCD-09
XL	340FCD-10
XXL	340FCD-11

PRODUCT DESCRIPTION

Nitrex 340FCD - the defensive one

The Nitrex 340FCD handles dry, wet and oily working conditions without any problems and is used, for example, in the automobile industry, in gardening and landscaping and in waste management. The **sanded nitrile palm coating** is resistant to oils and fats and works like a physical defensive shield. Thanks to the special **NitreGrip® technology**, the strength needed to grip is reduced, decreasing hand tiredness. Made of seamless nylon material with HPPE, encapsulated glass fibres and steel, the gloves achieve the maximum cut protection class F (≥ 30 N) according to EN ISO. The mix of polyamide and elastane ensures comfort and high flexibility, with a stitch density of **15 gauge**. The nitrile double coating and the elastic knitted cuff give the Nitrex 340FCD complete **360° protection** against liquid and dust.

The Nitrex 340FCD is available in **black and blue (with black coating)** in **sizes XS, S, M, L, XL and XXL**.

EIGENSCHAFTEN

GAUGE	<u>15</u>
PRODUCT FEATURES	<u>Dual nitrile coating, Excellent abrasion and tear properties, food-safe</u>
NORM GLOVES	<u>EN388, CE</u>
PACKAGING CONTENT	<u>1 pair per polybag</u>
SHIPPING UNIT	<u>6 packs per carton</u>
