L	360FC-09
XL	360FC-10
XXL	360FC-11

PRODUCT DESCRIPTION

Nitrex 360FC - the multi-layered one

The Nitrex 360FC with a **double coating of nitrile** and nitrile foam ensures non-slip handling, particularly for oily applications. The gloves have been tested according to **EN 388** and are made from seamless, **15-gauge** fine woven material, and are reliable tools in manufacturing, warehouse work and in the automobile and construction industry. The ergonomic design combined with the stretchy material made of polyamide and elastane enables a good feel and ensures safe work. The **NitreGrip® technology** used not only offers a firm grip, it also reduces the force needed to grip, thereby relieving strain on the hands. The full coating prevents keeps liquid out. The second layer of **sanded nitrile** on the palm provides excellent wear protection and ensures the best grip even when working in oily conditions. At the same time, it achieves even greater durability and service life.

The Nitrex 360FC is available in **black with a red palm** in sizes **S, M, L, XL and XXL**.

EIGENSCHAFTEN

COLOUR	<i>red, black</i>
GAUGE	<i>15</i>
PRODUCT FEATURES	<i>Fully coated, Medium weight seamless polyester liner, Nitrile coating, Resistant to abrasion, food-safe</i>
NORM GLOVES	<i>EN388, CE</i>
PACKAGING CONTENT	<i>1 pair per polybag</i>
SHIPPING UNIT	<i>6 packs per carton</i>
