XXL	370W-11

PRODUCT DESCRIPTION

Nitrex 370W - the neutralising one

The Nitrex 370W ensures both a safe and a fresh feeling for activities such as those in the construction sector, manufacturing or waste management. The integrated **Sanitized® Actifresh kit** makes it extremely breathable. Unpleasant smells, bacteria and pathogens have no chance thanks to the hygiene function. The gloves are also equipped with a **special, warming acrylic lining**, offering **protection level 2**, corresponding to approximately **-25°C**. In addition to this, the Nitrex 370W offers thermal protection against **contact heat up to 100°C**. Oil and water drop off the nitrile foam coating, resulting in a perfect grip with excellent comfort. According to EN ISO, the work gloves provide protection against cutting risks of forces of **≥ 5 N and <10 N** with **cut resistance level B**.

The Nitrex 370W is available in the **highly visible colour of hi-viz yellow** in **sizes S, M, L, XL and XXL**.
