PRODUCT DESCRIPTION

Nitrex 440 - the durable one

The reusable chemical protection glove Nitrex 440 is used in laboratories, in waste management and in production. The robust, heavy, latex glove is **padded with cotton jersey**, absorbing sweat and keeping the hands pleasantly cool and fresh. Thanks to its ergonomic design, the Nitrex 440 is comfortable to wear for a long period of time and demonstrates **exceptional grip** in both wet and dry conditions. The protective glove is resistant to various chemicals according to **EN ISO 374-1**, and protects against microorganisms according to **EN ISO 374-5**. The Nitrex 440 also boasts contact **heat resistance at temperatures up to 250°C**.

The Nitrex 440 is available in **blue** in **sizes S, M, L, XL and XXL**.
