PRODUCT DESCRIPTION

Nitrex 612 - the light one

The Nitrex 612 reusable protective glove is particularly suitable for working with chemicals. Made of nitrile, the gloves protect against the penetration of various acids and bases and against microorganisms according to the standards **EN ISO 374-1** and **EN ISO 374-5**. The light, ergonomically shaped Nitrex 612 offers wearing comfort over an extended period of time without tiring out the hands. The **non-slip diamond pattern** on the inside surface ensures a safe grip. Additional protection and a longer service life result in good abrasion resistance in the gloves. They are also **approved for use in food areas**.

The Nitrex 612 is available in **blue** in **sizes XS, S, M, L, XL and XXL**.
