XL	613-10
XXL	613-11

PRODUCT DESCRIPTION

Nitrex 613 - the resistant one

The Nitrex 613 is a reusable nitrile glove with good wearing resistance and mechanical protection – ideal for the safe handling of aggressive chemicals. Certified according to **EN ISO 374-1** and **EN ISO 374-5**, it has a high degree of resistance to a wide range of chemicals, strong cleaning agents, oils and solvents. The **inner lining is flocked**, which prevents the formation of sweat and at the same time **ensures a pleasant wearing** feeling while making it easy to put the gloves on and take them off. The **diamond pattern** on the palms ensures a **safe grip** when working in wet and dry conditions. The protective gloves are also **approved for use in food processing**.

The Nitrex 613 is available in **green** in **sizes XS, S, M, L, XL and XXL**.
