PRODUCT DESCRIPTION

NITREX 299T

Our Nitrex **299T thermal** work gloves offer protection against the **cold** and the **risk of tearing** and provide a secure grip when **wet or dry**. He has a **Sanitized® hygiene and odour control function** to **protect against microbial growth** and is **odour-inhibiting**.

Nitrex 299T is the best choice for safe and healthy hands, long-lasting comfort and excellent protection. Featuring a **seamless knit fleece lining** to keep hands warm in cold weather, the **Nitrex 299T** provides maximum comfort while **maintaining dexterity**. These coated work gloves also feature a **crinkle latex finish for excellent dry and wet grip**, as well as tear and abrasion protection for a variety of cold weather tasks. The elasticated wrist ensures a secure fit and protects hands from dust ingress.

Sanitized Actifresh® neutralizes odors and reduces microbial growth, for healthier hands and a more comfortable feel.

The Nitrex 299T is available in **blue** in sizes **M, L** and **XL**.
