PRODUCT DESCRIPTION

Unigloves® PRO.TECT ORANGE HD

The **food-safe** hygienic and protective Protect glove is characterised by its extremely **non-slip** surface and is primarily used in industrial areas. In addition to the **EN ISO 21420** and **EN 455** standards, the multifunctional disposable glove is certified as a **type B chemical protection glove** in accordance with the **PPE Regulation (EU) 2016/425** and the European standard EN ISO 374-1. Thanks to the latex-free, thiuram-free and protein-free nitrile, the Nitril is extremely **skin-friendly**. The surface features **Diamond Grip technology** and ensures **excellent grip**, even in damp environments. Thanks to its excellent stability and cuffed sleeve, the Protect is easy to put on and remove. The ambidextrous design and flexible fit also make it convenient to use.

The glove is available in **orange** and sizes **S, M, L and XL**.

YOUR BENEFITS:

- **No Finger Marks on Metal or Glass:** Silicone-free design ensures no finger marks on metal or glass surfaces, maintaining pristine finishes and reducing the need for additional cleaning.
- **Meets Medical Standards for Pinholes:** PRO.TECT Orange Diamond HD gloves adhere to medical standards for pinholes, offering reliable barrier protection against contaminants and pathogens.
- **Suitable for Those with Latex Allergies:** Free from latex, these gloves are suitable for individuals with latex allergies, providing a safe and comfortable alternative.
- **Extra Strong with Liquid Rollback Prevention:** Engineered for strength, PRO.TECT Orange Diamond HD gloves offer extra durability and help prevent liquid rollback, ensuring maximum protection in hazardous environments.
- **Improved Grip in Wet or Oily Conditions:** Featuring textured palms and fingertips, these gloves provide improved grip, even in wet or oily conditions, enhancing safety and control.
- **Use with Mobiles/Tablets Without Removing Gloves:** With touchscreen compatibility, users can seamlessly operate mobile devices and tablets without the hassle of removing their gloves, optimizing efficiency and productivity.
