PRODUCT DESCRIPTION

UNIGLOVES SAFETEC®

The **food-safe**, hygiene and protective glove Safetec® is made of high-quality natural latex and is **highly resistant**. The **polymer-coated** disposable glove is used in the catering industry as well as in the medical sector in hospitals and doctors' surgeries.

The Safetec® has been tested in accordance with the **PPE Regulation (EU) 2016/425**, chemical protection class **type B** and the European standards **EN ISO 21420 and EN 455**. The waterproof material is characterized by its durability and offers excellent protection against **viruses, fungi and bacteria**.

The fingertips of the glove are micro-roughened to ensure **slip resistance** and safe handling of different surfaces. The powder-free glove is easy to don and doff thanks to its **strong rolled edge** and flexible fit.

The ambidextrous design also simplifies quick and alternating use. The Safetec® is available in the color **natural white** and in the sizes **XS, S, M, L** and **XL**.

EIGENSCHAFTEN

APPLICATION/INDUSTRY	<i>CARE/MED, DENTAL, INDUSTRY</i>
