PRODUCT DESCRIPTION

UNIGLOVES SAFETEC®

The food-safe hygienic and protective Safetec glove is made from high-quality natural latex and is extremely resistant. This flexible, disposable glove is used in the gastronomy sector as well as in hospitals and medical practices. The glove has been tested in line with PPE Regulation (EU) 2016/425 and European standards EN 374, EN 420 and EN 455. The waterproof material is resistant and protects against viruses, fungi and bacteria. The Safetec palm and fingertips are micro-roughened to provide a secure grip on various surfaces. This non-powdered glove is easy to put on and remove thanks to its strong sleeve.

The ambidextrous design makes it easy to put on and remove. The Safetec is available in a natural colour and sizes XS, S, M, L and XL.
