PRODUCT DESCRIPTION

Unigloves SELECT® BLACK

The creative glove

The Select® Black is a **food-safe** hygiene and protective glove made from high-quality natural latex. The **premium** disposable glove is primarily used in the catering industry and in tattoo studios.

In addition to the **EN ISO 21420 and EN 455** standards, the Select® Black has been tested in accordance with the **PPE Regulation (EU) 2016/425** and the European standard **EN ISO 374-1** as a **type B** chemical protection glove. The glove's waterproof material is particularly durable and offers protection against **viruses, fungi and bacteria**.

The Select® Black also impresses with its **excellent grip** and high level of **comfort**. The glove guarantees a **pleasant wearing** comfort without signs of fatigue, especially during time-intensive use. With a protein content of less than 50 µg/dm², the Select® Black is also extremely **skin-friendly**. **Micro-roughened** fingers and palms ensure slip resistance and safe handling of different surfaces and instruments.

The Select® Black is **chlorinated** and has a strong rolled cuff, making it easy to put on and take off. The **flexible fit** and ambidextrous design make it easy to change use.

The glove is available in the colour **black** and in sizes **XS, S, M, L** and **XL**.
