white	2002 white	18176774

PRODUCT DESCRIPTION

Unigloves BASIC

The **Unigloves BASIC disposable face mask** can be individually adapted to your needs thanks to the **latex-free** tear-resistant straps. The **nickel-free** nose clip can also be optimally adjusted to the nose. Of course, the 3-layer, **glass fibre-free** mouthguard is tested according to **EN 14683 (TYPE II R)**. A **bacteria filtering capacity** of up to 98% is thus ensured.

The face mask can be used not only in the **operating theatre** but also in **other areas** where you need to **protect** yourself and your surroundings.
