PRODUCT DESCRIPTION

Unigloves UNIPROTECT® BLUE NITRIL

The Uniprotect Nitril is a food-safe hygienic and protective glove that is suitable for use in gastronomy and food production. The disposable glove has been tested in line with **PPE Regulation (EU) 2016/425** and European standard **EN 374** and protects against viruses, fungi and bacteria thanks to its waterproof, resistant material. The **roughened** fingertips ensure a **secure grip** when handling various materials. This non-powdered glove is easy to put on and remove thanks to its strong, cuffed sleeve. The ambidextrous design and flexible fit make it quick and easy to use.

The Uniprotect Nitril is available in **black and blue** and in **sizes S, M, L and XL**.
