SIZE	REF
XS	GM0051
S	GM0052
M	GM0053
L	GM0054
XL	GM0055

## PRODUCT DESCRIPTION

### UNIGLOVES ZERO

The high-quality, **hypoallergenic**, disposable nitrile glove Unigloves Zero is free from **accelerators, zinc and sulphur** and has been specially developed to reduce the risk of **type I and type IV allergic reactions**.

Due to its special formulation the nitrile glove is **softer** and **more elastic** than a conventional nitrile glove. It conforms to the hand and closely mimics the comfort of a latex glove, providing a **comfortable fit** for easy handling and minimizing fatigue.

The **chlorinated, powder-free surface** prevents hands from drying out, making them particularly suitable for use in dentistry, healthcare and food processing.

In addition to the **EN ISO 21420** and **EN 455** standards, the versatile disposable glove is certified as a **type B** chemical protection glove in accordance with the PPE Regulation (EU) 2016/425 and the European standard **EN ISO 374-1**.

The waterproof, latex-free material is suitable for **contact with food** and offers protection against **viruses, fungi and bacteria**. The strong beaded cuff provides extra strength and prevents liquids from rolling back.

## EIGENSCHAFTEN

<b>APPLICATION/INDUSTRY</b>	<i>CARE/MED, DENTAL, INDUSTRY, LIFESTYLE</i>
<b>AQL</b>	<i>1.5</i>
<b>COLOUR</b>	<i>blue</i>
<b>SIZE</b>	<i>XS (5.5-6.0), S (6.5-7.0), M (7.5-8.0), L (8.5-9), XL (9.5-10)</i>
